

Additions to the D2L website

1. Be able to hide or remove unused courses
2. Add an organized section that includes all due dates for all assignments across all courses and lists them in chronological order
3. Add an option for a dark theme
4. Have current schedule from the mycommunications added to the calendar in D2L
5. Add BCIT webmail to D2L instead of a separate website
6. Add a profile system where we can find the discord and email of teachers or students.
7. Include the submission in the submission receipt email as well as the class or assignment name
8. Add a feature to let students delete submissions
9. Add a feature to allow students to view course material offline, this could be through an app or download of all material from a section or entire course
10. Add the ability to set up and send notifications for upcoming assignments
